Re: New ASU Greenhouse location at Old Watauga County Landfill Site

I have enclosed a map that shows the boundary of the old landfill site and where the new location for the Appalachian State greenhouse will be located. Please let me know if you have any questions or if there are any special permitting issues involved with this new location.

If this new site does not require permit from state, could you send me letter stating that for our records? My address is: Lisa Doty, Recycling Coordinator, Watauga County Sanitation, 336 Landfill Road, Boone, NC 28607. Thanks for your help.
